CD SERVICES

Digitizing film to an Archivally rated CD is available at the time of processing or afterwards. All our CDs are PC and MAC compatible. A medium resolution CD is available from 35mm film at the time of develop and printing. It is scanned at 300 dpi and output as .JPEG for a 4"X6" print. Premium Professional High Resolution scans are available, permitting greater enlargements. These are scanned at 300 dpi and output as .TIFF files at about 25MB each. All other CDs are high resolution, capable of producing high quality enlargements.

Medium resolution ("promo") CD:
+$7.99 to the price of 35mm negative film development with prints.
+$19.99 to the price of 35mm slide processing.

Premium Professional High Resolution CD:
$5.99 setup fee including CD-R
+$1.49 per image (4 image minimum)

PHOTO RESTORATION

All our photo restoration work is done on premises. Nothing is outsourced. All originals are returned in the condition in which they are received. We scan them in very high resolution and work from the scans. Each item is evaluated before any work is done. Our artists will quote the price of each individual job, based upon the amount of time required and the final output size requested. The minimum price for a professional restoration is $45.00.

PROFESSIONAL HI RESOLUTION SCANNING

All scans are done on premises, and are returned on Archival CDs. Our minimum scan is at 600dpi. This allows printing sizes larger than the original with no quality loss. Higher or lower resolution can be provided by request.

Flat art up to and including 8"X10" (1st) $5.00
Flat art up to and including 8"X10" (ea. add'l) $4.00
Flat art up to 11"X14" $10.00
Flat art up to 16"X20" $30.00
